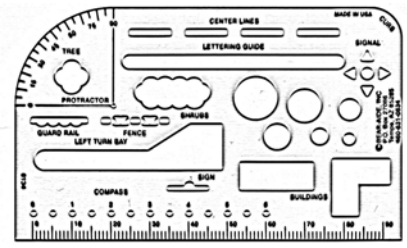
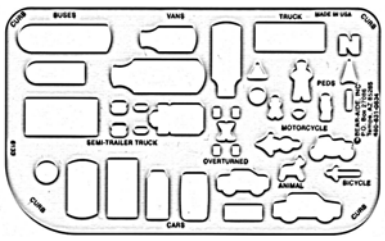
Pocket Traffic Template Set

*Only **$13.95** includes shipping & handling*



Each template
3”X 5”



This shirt pocket sized (3”X5”) set of two templates comes in a sturdy black leatherette carrying case. The cut outs are scaled at one inch equals twenty feet. This set is designed to be used with a medium ball point pen. Like all Bear-Aide templates, this set is machined from the finest template material available. The grouping of the symbols makes this set easy to use.

Deluxe Pocket Traffic Template Set

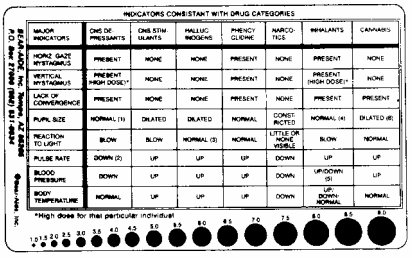
Each Template 3” x 5”

The Deluxe Pocket Template Set is a four piece set comprised of the Drug Recognition Card, the Footnote Card and the two Pocket Templates all in a black leatherette case.

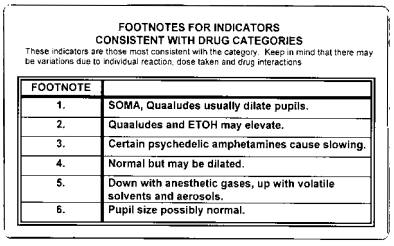
Drug Recognition Card

*Only **$9.25** includes shipping & handling*



NEW AND IMPROVED
MEETS IACP STANDARDS

Each template 3”X 5”



This unique drug recognition and classification card meets the standards set by the IACP for the evaluation and classification program. It is printed on clear, smoky, durable plastic similar to the green plastic used for other Bear-Aide templates. A second plastic coated card details the IACP approved footnotes listed on the template to clarify certain reactions. The pupil gauge ranges from 1.0 mm to 9.0 mm in 0.5 mm increments. This gauge is located at the bottom edge of the card and is visible from both sides. The chart above the pupil gauge lists reactions to various classes of drugs. The three inch by five inch cards fit conveniently into a uniform pocket. Like other Bear-Aide traffic related templates, the Drug Recognition Card and Footnote Card come in a sturdy black leatherette case.
