

Boat Template Set

Only \$20.75 includes shipping & handling

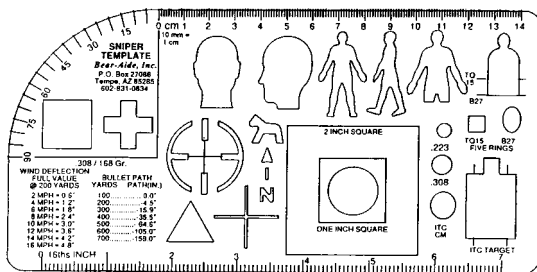

Template Size 4" x 8"

This three template set offers a large variety of nautical symbols including buoys, personal water craft, docks, etc. The major scale of this set is 1"=20' but some cutouts are also provided at 1"=30'. Rulers for both scales as well as a protractor and letter stencil are included. The templates are designed to be used with a medium ball point pen or conventional pencil. The set comes in a sturdy leatherette case.

Sniper Template

Only \$11.25 includes shipping & handling

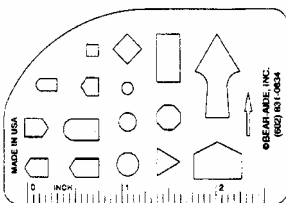

Template Size 4" x 8"

The template is designed to be used by anyone who records target shooting sessions. The cut outs allow recording shot placement for a variety of targets. In addition, there are handy tables for wind deflection and bullet path at various wind velocities and distances respectively. Metric and English scales and a protractor are also provided. The template is designed for use with a medium ball point pen. The template comes in a sturdy black leatherette case. Like all Bear-Aide products, the Sniper Template has a 30-day money back guarantee.

Business Card Template

Only \$13.95 (per pack of 5) includes shipping & handling

Actual Size
2" X 3"

This handy template contains the symbols needed to draw basic diagrams. The convenient size allows it to be carried in a business card or calculator case. The template is cut from the same durable plastic material as other Bear-Aide templates. Business Card Templates are sold in packages of five.
